

The Royal Academy for Overseas Sciences (Brussels, Belgium) is pleased to announce the publication of:

RAMMELOO, J., VAN DE VIJVER & GOYENS, P. (Guest Eds) 2014
Nutrition and Food Production in the Congo Basin, Brussels:
Royal Academy for Overseas Sciences [214 pages].

This volume presents the proceedings of the International Conference “Nutrition and Food Production in the Congo Basin”
held at the Royal Academy for Overseas Sciences in Brussels from 30 September to 01 October 2013.

Contents

Foreword / GOYENS, P. - 7-8

Monday, 30 September 2013

Welcome Address / HUYGE, D. - 9-10

Is the World facing a Global Food Crisis? And Africa? Setting the Scene. An Introduction to the Conference
/ RAMMELOO, J. - 11-19

Human Aspects

Estimating the Number of Malnourished Children in the Democratic Republic of the Congo: Potential from the AfriPop and CEDAT Databases / LINARD, C. *et al.* - 23-32

Physical Aspects

Soil Resources in the Congo Basin: their Properties and Constraints for Food Production / NGONGO LUHEMBWE, M. *et al.* - 35-54

Remote Sensing: a Key Tool for Monitoring Food Resources in a Changing World / DUCHEYNE, E. *et al.* - 55-64

POSTERS*

Legacy Soil Survey Data of DR Congo / BAERT, G. *et al.* - 67

Design of a Soil Information System for DR Congo / VERDOODT, A. *et al.* - 69

Pedotransfer Functions: an Answer to the Lack of Hydrophysical Soil Properties for Sustainable Land Management in the South-Western Part of the Congo Basin / BOTULA, Y.-D. *et al.* - 71-72

Agricultural Economics

Food Security in the Democratic Republic of Congo / D'HAESE, L. *et al.* - 75-90

POSTERS*

Food Markets and People's Nutrition in the DRC (2004-5) / MARIVOET, W. - 93

Understanding Major Determinants for Fertilizer Use in South Kivu, DR Congo / MULUMUNA-WALOLA, J. *et al.* - 95-96

Biological Aspects

Conservation and Utilization of Wildlife in the Congo Basin: How to tackle the Protein Gap? / NASI, R. *et al.* - 99

POSTERS*

Edible Mushrooms of Kimvula City in Lower Congo (DR Congo) / DIBALUKA MPULUSU *et al.* - 103

Edible Lignicolous Mushroom Cultivation of Kimvula City in Lower Congo (DR Congo) / DIBALUKA MPULUSU *et al.* - 105-106

Safeguarding Traditional Knowledge of Wild Edible Plants and Mushrooms in Bayaka Communities (Republic of Congo) / NDOLO EBIKA, S.T. *et al.* - 107-108

Wild Edible Plant Use in Tshopo District, DR Congo / TERMOTE, C. & VAN DAMME, P. - 109-110

Valorization of the Indigenous Knowledge of the Melliferous Plants in the Vicinity of the Virunga National Park (DRC) to contribute to an Enhancement of its Conservation / HABUMUGISHA HITIMANA, M. I. *et al.* - 111-112

Birds as Food in Africa: Some Reflections / LOUETTE, M. - 113-114 Bushmeat Consumption in Households from Brazzaville, Republic of Congo / MBETE, R. *et al.* - 115-116

Tuesday, 1 October 2013

Agricultural Biodiversity: a Crucial Asset for Food and Nutrition Security / FRISON, E. - 117

Food Production and Plant Genetic Engineering in Developing Countries / VERBRUGGEN, N. - 119-128

Agricultural Practices

Production of Animal Protein in the Congo Basin, a Challenge for the Future of People and Wildlife / MOULA, N. *et al.* - 131-145

Fish Farming in the Congo Basin: Past, Present and Future / MICHA, J.-C. -147-171

POSTERS*

Biodiversity of Edible Insects of Lower Congo in the Democratic Republic of the Congo / TCHIBOZO, S. *et al.* - 175

The Status in Indigenous Village Chicken Production in the Democratic Republic of the Congo / MOULA, N. *et al.* - 177

Rotenoid Content and in vitro Acaricidal Activity of *Tephrosia Vogelii* Leaf Extract on the Tick *Rhipicephalus appendiculatus* / KASEREKA KALUME *et al.* -179-180

Epidemiological Follow-up of Bovine Theileriosis to *Theileria Parva* in North Kivu Province, Democratic Republic of the Congo / KASEREKA KALUME *et al.* -181

Human Health Risk by the Consumption of Metal and POP-Contaminated Fish in the Congo River Basin (CRB) / VERHAERT, V. *et al.* - 183-184

Rodent Damage Assessment on Crops (Rice and Maize) in the Region of Kisangani (DRC)/ AMUNDALA DRAZO, N. *et al.* - 185

Spatial Variability of Fruit Fly Agricultural Pests (*Diptera: Tephritidae*) in Rural Areas and Tropical Forests of Central Congo / VIRGOLIO, M. *et al.* -187

Variation in Physico-Chemical Characteristics of Pulp and Oil from Safou (*Dracryodes edulis* (G. Don) H.J. Lam) Fruits: Classification and Relationship with Morphological Traits / ONDO-AZI, A.S. *et al.* -189

Malnutrition

Nutritional Status of the Populations of the Congo Basin: Today and Tomorrow / PALUKU BAHWERE, J.-L. & DONNEN, P. - 193-207

POSTERS*

Persisting High Level of Child Malnutrition associated with Anemia but Low Malaria Infection in a Rural Community of the South Kivu Province, in the Eastern Part of the DR Congo / BAHIZIRE, E. *et al.* - 211

Reducing Malnutrition in Urban Areas in Sub-Saharan Africa: a Model for identifying Cost-Effective and Sustainable Value Chain Interventions / VAN DER VEEN, A. -213-214

Posters: cf. CD-ROM (enclosed).
